

Issues Faced by Persons with Disabilities in the Context of COVID-19

Types of Disabilities

Easy means for accessing information

Recommendations

- 1 Facilitate PWD community's access to factual information to increase their participation at the local level and province level.
- 2 Introduce mental health counseling and health counseling in the provinces.
- 3 Ensure that the government's support package is disability inclusive and accessible.
- 4 Allocate budget to Conduct sensitization campaigns on issues of PWDs for the general public.
- 5 Ensure PWD friendly quarantine centers by having sign language interpreters, accessible information.
